processing

INTRODUCING THE UTP PRO

A sleek and powerful top of the line mobile card payment solution with a contemporary design and a host of clever features. The UTP Pro combines cutting edge card payment technology with clever apps that make running your business easier!

All standards transaction types including sale, cashback, refunds and gratuities are configurable and all major credit and debit cards such as Visa, Mastercard and American Express can be processed.

Powered by Android 7.1

A powerful OS giving you access to a world of helpful apps!

5" HD Capacitive Touch Screen

View all your transactions in full crystal clear HD

Tough Security

Compliant with the latest global regulations and PCI PTS 5.x SRED, top of the line cryptography

Dual Cameras

The ability to scan mobile and QR payment codes quickly and with ease

Super Long Battery Life

Never miss a sale with the Pro's high capacity long life battery

Stay Connected with 4G, WiFi and GPRS

Wide range of connectivity options, automatically switching to the strongest connection

THE UTP PRO LITE

The UTP Pro Lite' comes with our classic card terminal abilities

The Lite is perfect if you wish to take payments in a premises or on the road anywhere in the UK as it comes with a SIM Card, GPRS, 4G Connection and WI-FI.

THE UTP PRO

The 'UTP PRO' combines the hardware of the 'UTP PRO Lite' with a modern EPOS solution that is simple & cost effective.

Monitor your cash payments and report on your business from anywhere.

Save yourself time by not having to do an end of day stock take by using the UTP Pro.

Ideal for Food Trucks and other small merchants.
